“Rana Pandharicha”

Abstract:-

Now a days maximum people have an android phones so for such a people I develop an android application. ‘Rana Pandharicha’ is an android application which is designed in the perspectives of people those who are came for Pilgrim in pandharpur for sight Pandhurang & Rukmini.

In this application I put all the information related to Vitthal & Rukmini in such a way that people get understand the importance of it. To reduce the harm of the pilgrimage I kept the information about Timing of Pooja & Darshan, Way of Temple From the railway station & Bus stand.

This android application also contains the Prayer or suplication in the marathi language & also in the recorded. This android application contains all the hotels & monastery or cloister along with their contact numbers of them.

This is very useful android application now a days.
